Theo, Emily, Sultan, Alima

What does a student researcher do (role)?

A student researcher...

- Investigates teaching at our schools
- Works together and finds new ideas to improve teaching and learning
- Observes teaching
- Goes into classrooms in small groups
- Give **CONSTRUCTIVE** and **RESPECTFUL** feedback

A good student researcher must (skills)...

- Good listening skills
- Being respectful with feedback
- Have integrity
- Have resilience through the project
- Be kind
- Enter classrooms calmly
- Make minimal disruptions in classrooms
- Be inquisitive and reflective

Being a student researcher (feelings)...

Curious

Interesting

Excited

Nervous

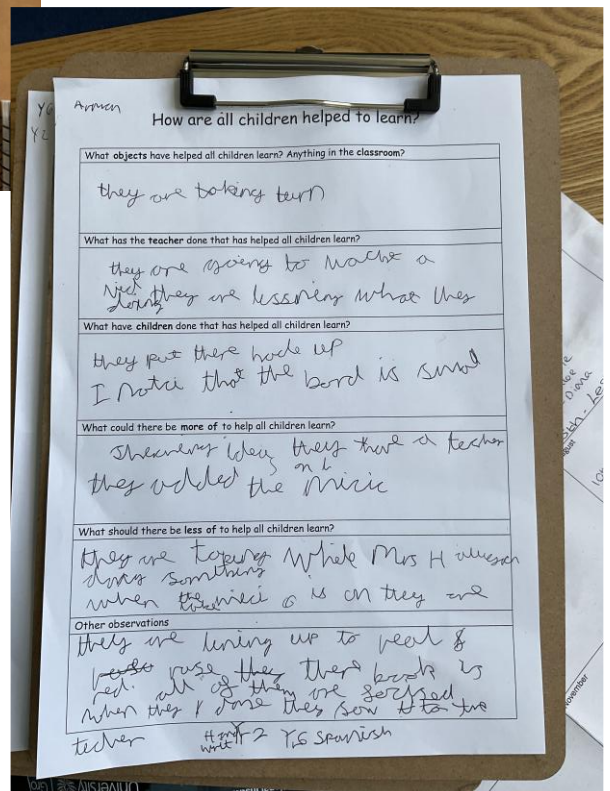

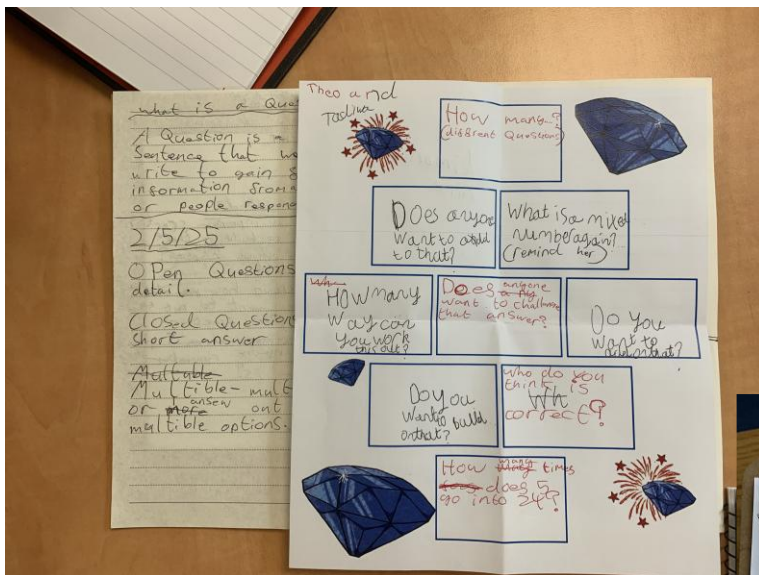

Special

Hopeful

Grateful

Happy

Overjoyed

What have you learnt?

For yourselves

- Braver than I think
- More confident
- Learning is so important
- It's important to make changes sometimes, if necessary
- Being a pupil researcher is so fun!

For your schools

- Questions are important for our learning
- Giving feedback is very important
- Not all children learn the same way and it's important to make changes if needed
- Creating a calm and purposeful environment in the classroom is important
- Increasing participation for all is very important
